## DSEI 2023!

Here at Sundance, we are already preparing for our next event, DSEI (Defence & Security Equipment International) 2023.

Join us at Excel, London from the 12th to the 15th of September for an unforgettable exhibition!

## Repair of boards from 2007!

The repair of these systems was a little trickier than the normal (and infrequent!) repairs that we perform, as this required hardware and software that we haven't used for over a decade. Without digging up some really old PCs and hoping that they were still going to be alive, we were still able to do a test of the whole system using tools which had been archived on the Sundance Support forum...  
...All in all, it was a good experience and a chance to show that we are able to test, debug and repair items that are almost as old as some of our current employees

## Ainstein's NEW LR-D1 Pro - Long Range Dual-Band Radar Altimeter

The latest generation of Ainstein's long-range radar altimeter. The LR-D1 Pro employs a 60 GHz antenna for centimetre-level precision at low altitudes and a 24 GHz antenna for enhanced capabilities at high altitudes. The LR-D1 Pro is ideal for larger UAVs performing VTOL, helicopters, and missions requiring precision landing and ruggedised durability.

*"I am extremely satisfied with the service I received from Sundance.*

*I was in desperate need of repairing these cards as there were no replacement parts available in the market.*

*Sundance went above and beyond to ensure that my needs were met and that my electronic cards were fully functional again.*

*I'm sure I will recommend your services and, of course, your products to anyone who needs this kind of service, especially those who are struggling to find replacement parts in this market." — Armando Escorcia*
