Machine Vision Conference 2023!

Sundance attended the Machine Vision Conference in Coventry on the 19th of June. We had the opportunity to speak to many experts and intend informative technical seminars.

This was the 7th year of the event, and it keeps increasing in size. We look forward to seeing how it grows next year!

For more information about this event and what we got up to, click the link below.

"I am extremely satisfied with the service I received from Sundance. I was in desperate need of repairing these cards as there were no replacement parts available in the market.

Sundance went above and beyond to ensure that my needs were met and that my electronic cards were fully functional again. I'm sure I will recommend your services and, of course, your products to anyone who needs this kind of service, especially those who are struggling to find replacement parts in this market." - Armando Escorcia
