SUNDANCE

DSEI 2023!

Here at Sundance, we are already planning for our next event, DSEI (Defence & Security Equipment International) 2023. Join us at stand H1-411, Excel, London, from the 12th to the 15th of September for an unforgettable exhibition!

Repair of Boards from 2007!

The repair of these systems was a little trickier than the normal (and infrequent!) repairs that we perform, as this required hardware and software that we haven't used for over a decade.

Without digging up some really old PCs and hoping that they were still going to be alive, we were still able to do a test of the whole system using tools which had been archived on the Sundance Support forum.

All in all, it was a good experience and a chance to show that we are able to test, debug and repair items that are almost as old as some of our current employees

"I am extremely satisfied with the service I received from Sundance.

I was in desperate need of repairing these cards as there were no replacement parts available in the market. Sundance went above and beyond to ensure that my needs were met and that my electronic cards were fully functional again. I'm sure I will recommend your services and, of course, your products to anyone who needs this kind of service, especially those who are struggling to find replacement parts in this market." — Armando Escorcia
